

## MT500 Burner II S/S Jersey

### What Mountain Bike - MT500 Burner II Jersey Review

18/05/2015

Score: 4/5

"Deceptively simple the Burner II jersey still manages to pack a performance punch through a clever combination of fabrics. Cooling mesh where you need it, a durable stretch quality over the sleeves plus the lightweight body."

"Simple but not lacking in performance, a top choice for warm weather."
